

Notification that MEDIA PLUS joined to GPA as certified official member

Dear Customers,

We would like to express our gratitude to you for your continued appreciation. We are proud to announce at this time that Media Plus Co, Ltd. has been certified as an official member of the GPA (Global Presence Alliance), an international alliance of companies with a proven record in the field of A/V systems.

The official GPA web site is here: <http://www.global-presence.org/>

About GPA

The GPA is composed of companies from over 40 countries and regions, an alliance that comprehensively supports audio, video, and communications systems for customers in the global market. To become a member, a corporation must undergo a strict examination to ensure that they possess excellent technical skills, rich experience, qualifications, communication ability, and strategy. GPA customers include global corporations from the Americas, Asia-Pacific and Europe, with GPA members supporting their global projects. As a member of GPA, we will cooperate with the members from other countries to support global corporations from our base in Japan.

Comment from MEDIA PLUS and GPA

“Our company is perfectly in line with the fundamental policies of GPA, which include globalization and standardization.

I believe that the GPA plays a large role in this market, which advances at a dizzying pace due to evolution of IoT. We are extremely pleased and honored that we have been selected for membership.”

Shuji Ozaki, President of Media Plus Co, Ltd.

“The GPA Board and Members welcome the Media Plus team to the Alliance. It had long been a region we felt was important to address, but a region that had been challenging to find an organisation that we felt aligned fully to our needs. In identifying Media Plus, aside from their clear AV and UC technical expertise and market reputation, their progressive perspective, communication skills, and experience in supporting global enterprise organisations were particularly impressive. They quickly understood the opportunity and value their involvement in the GPA could have for their organisation and customers, and I am confident they will quickly become important contributors to the GPA community.

Byron Tarry, Board President of Global Presence Alliance

Going forward, all of our staff will continue to strive for excellence, so we humbly ask for your continued support.
